

Switchfin with new GUI

Thursday, 29 April 2010 06:51

The new SwitchFin GUI 4.0 is up and ready for testing thanks to Jason Kenah from <http://ii-tec.com>,

we have updated the GUI look and feel as well as its browser compatibility (tested on IE 8, Firefox 3 and Chrome but sure to work on many more).

Any problems or queries please direct them to the forum or bug tracker.
